PANDALENE WILLIAMS

WEB DEVELOPER

KERNERSVILLE, NC | PMWILLIAM6@MY.WAKETECH.EDU | 336-123-4567

Objective

To obtain a beginning web developer position in an organization where I utilize the skills I have learned to create and maintain responsive and visually appealing websites.

Skills & abilities

Computer languages, relational database, and Web frames:
- C#
- PHP
- Python
- SQL using RDMS
- MySql
- ASP.NET
- WordPress

Designed responsive and visually appealing websites in WordPress using plugins, as well as creating custom WordPress designs using PHP. Also created a fully functional E-commerce store using MERN full stack, which included a user interface. Created programs, websites and pages using C#, Python, PHP, HTML and CSS, MDBootstrap and Bootstrap as well as scripting languages such as JavaScript.

Earned training in Google Analytics and SEO, and social media marketing. Proficient in Microsoft Office, Adobe Photoshop, Adobe Designer, Affinity Photo, Affinity Designer, and Visual Studio.

Education

WAKETECH COMMUNITY COLLEGE

North Carolina | I am currently completing an AS in Web Development and will graduate Spring of 2024

Earned a 3.9 and have completed coursework in web development, internet technology, programming basics, internet security, and database management.

Awarded Certificate in Web Development Basics
Awarded Certificate in Information Technology: Web Developer

I am a continual learner, obtaining CE through Udemy, Code Academy, Bob Tabor, Scrimba and others.

Communication

Excellent communication skills at different levels of employment and management. I take directions well and communicate feedback. I work well within an organization.
